Madison Heights, MI | psocrates@psocratesstudio.com | 313-662-4434

Summary

Passionate front-end web developer with in experience in building modern responsive user-friendly mobile first websites using HTML5, CSS3, and JavaScript. Highly adept in customer service and collaboration.

Technical Skills

Front-end: HTML5, CSS3, JavaScript

Other: Adobe Illustrator & Photoshop, UI/UX

Work Experience

Contractor- Ashley's Book Hive, May- August 2023: <https://www.ashleysbookhive.com/>

Custom designed and built landing page for a small business' book store per client requirements specification. Website is responsive, accessible, secure, and SEO optimized. UI is implemented using core principles such as color and shape psychology. Website developed using vanilla HTML, CSS, and, JavaScript.

Projects

Easybank Landing Page <http://easy-bank.psocratesstudio.com/>

Built using vanilla HTML, CSS, and JavaScript. This project was excellent for practicing modal implementation, and utilizing breakpoints that fit the design and provide the user with the best experience.
